

**PURDUE UNIVERSITY**  
**STANDARDS FOR FINANCIAL AID 2002-2003**  
**WOMEN'S TRACK AND FIELD**

This information will give you an idea of the quality of people we are looking for. This is a general guide and is in no way the last word. We may consider an athlete who has not met a standard if we think she has the potential to make an impact at the Big Ten level.

We encourage anyone who wants to participate in Track and Field and who meets any of the following performances to come to Purdue. We have had walk-ons that improve during their careers to the point that they were placed on scholarship some eventually earning fulls. We have over 40 people on our team and many of these people are not on any kind of athletic aid.

If times are fully automatic, they would normally be: .24 seconds slower than hand times in the 100M, 100MH, and 200M; .14 seconds slower than hand times in the 400M and 400MH.

\* To be evaluated on an individual basis

- These standards are for incoming athletes only. Once at Purdue, scholarship increases are based on performances at the Big Ten and NCAA levels.

- To remain on the team, one must exceed the walk-on standard each year.
